- Dedicated space just for teens
- New spaces for studying and group projects
- Enhanced technology and connectivity
- Flexible seating and space for events

Enhanced Auditorium

- Improved viewing experience
- New seating and theatrical lighting
- Upgraded presentation equipment
- Improved ADA Accessibility

Carlsbad City (Dove) Library Redesign and Modernization

In winter 2016, Carlsbad City Library on Dove Lane will undergo a redesign and modernization project that will enhance the library as a community gathering space, upgrade technology to improve access to services and information, and create a more flexible space to meet current and future service needs.

Work on the Dove Library will begin after the Georgina Cole Library remodel is complete. Construction is scheduled to begin in winter 2016 and will require the facility to be closed for several months. During this time, the Georgina Cole Library and the Library Learning Center will remain open.
